

UNITED STATES
POSTAL SERVICE®

Controlled delivery to the USA in partnership with the US Postal Service

Features:

- The USPS Priority Mail Service offers a premium 2-3 day delivery across the USA including Alaska and Hawaii.
- Service is available with "Delivery Confirmation" or "Signature Confirmation"
- 2-3 days from injection equates to 4-5 days from the UK.
- Parcels are flown from Heathrow to New York and Los Angeles.
- Electronic data files are generated and transmitted to US Customs.
- Customs clearance formalities are completed and parcels are delivered to the USPS.
- Becomes domestic mail.
- POD / Delivery Confirmation is available by download or on the web.
- Return service for Undeliverables.
- Customers can use a pre-paid return label for unwanted items
- Suitable for gadgets, novelty items etc where a low delivery cost is paramount.
- Clothing and footwear are ideal traffic when a signed for service is required.
- Orders over \$200 in value may incur taxes but DDP services are available.

Benefits:

- High reliability
- Focussed on private address delivery
- Secure with POD availability
- No export paperwork, just data
- Low cost
- Unique to OCS in the UK
